

Pet Rocks

1. Find a rounded rock about the size of your fist
2. Chose a few paint colours for your pet rock
3. Paint your pet rock and leave it to dry
4. Once your pet rock is dry to touch you can stick on googly eyes with strong glue
5. Find a permanent marker and draw on the mouth, some hair and any other things you would like to give your pet rock
6. Don't forget to give your new pets a name!

Love looks like something. How can you show that you love your pet rocks this week? How might you look after them?

Living Love

1. Read **1 Corinthians 13:4-7**
2. Circle, highlight or write down the words that describe what love is.
Eg. Patient. Not proud. Never gives up.
3. Pick one part that you want to remember this week.
4. Write it on some paper and put it on your pillow so you can read it every night before you go to sleep.
5. Ask God to help you live that love tomorrow.

Love might be invisible but it becomes visible when we live it out in our everyday life.

How can you show love to God and your neighbours this week?
