

Photo Frame

Photos capture important moments in our lives and help us to remember them. We can do the same with parts of the Bible too. Follow Kate's Crazy Craft from this week's service to capture your favourite Bible Story.

Supplies

Paper
Textas
Popsicle sticks

1. Stick the popsicle sticks on the outside of your paper to create a photo frame.
2. Choose a story in the Bible
3. Answer these questions:
 - What did God do?
 - What did people **do** to help them have faith everyday? (Read the Bible, Worship, Pray, Remember or maybe it was something else?)
4. Write or draw a part of the story on your paper
5. Decorate your photo frame and place it somewhere in your house to remind you of what God has done.

Sing it!

*Worship is another thing we can **do** to help us have everyday faith. It helps us to focus on God, taking our eyes off ourselves and onto Him.*

Click the links below and sing, dance and laugh as you enjoy spending time in God's presence.

Prayer List

Pray changes our lives and grows our faith everyday. This week spend some time with your family thinking about the areas you would like God to help you in.

1. Gather around the dinner table
2. Share what you would like to ask God
3. Write it down and create a list, put it somewhere it can be seen
4. Take the time everyday to pray for the things on your list

Interview

Other people's stories can help remind us about how good our God is. This week take some time to ask someone in your family about their story.

1. Print of the notepad on the next page
2. Find someone in your house who you can talk to about God
3. Use the questions on the notepad and write or draw it
4. Now you can put this piece of paper somewhere, where it can remind you of what God has done in this person's life

When did you first decide to believe (put your faith) in God?

How has God changed your life?

How has God helped you?

Do you have a favourite God experience? What happened?
